	pages
<b>PART 1: The Symposium and the Excursions</b> .....	13
<b>Introduction to the Almopia Speleopark</b> .....	25
<b>The Geology of Almopia Speleopark</b> George Eleftheriadis.....	27
<b>Almopia Speleopark (Pella, Macedonia, Greece): Morphology-speleogenesis of the caves</b> Georgios Lazaridis.....	33
<b>Paleontological and stratigraphical research in Loutra Arideas Bear Cave (Almopia Speleopark, Pella, Macedonia, Greece)</b> Evangelia Tsoukala, Katerina Chatzopoulou, Gernot Rabeder, Spyridoula Pappa, Doris Nagel & Gerhard Withalm .....	41
<b>Chronological and systematic position of cave bears from Loutrá Aridéas (Pella, Macedonia, Greece)</b> Gernot Rabeder, Evangelia Tsoukala & Nadja Kavcik.....	69
<b>The sedimentology of the Bear Cave of Almopia Speleopark (Pella, Macedonia, Greece)</b> Ananias Tsirambides.....	75
<b>PART 2: The Contributions</b> .....	79
<b>Morphometrical variability of cheek teeth in cave bears</b> Gennady Baryshnikov.....	81
<b>Comparative Dental Microwear Analysis of cave bears <i>Ursus spelaeus</i> ROSENMÜLLER, 1794 and brown bears <i>Ursus arctos</i> LINNAEUS, 1758</b> Ana C. Pinto Llona.....	103
<b>About the absence of cave bear in Provence (SE France) and the Vallescure exception</b> Jérôme Quilès & Evelyne Crégut-Bonnoure .....	109
<b>Migration pattern inferred from <i>Ursus spelaeus</i> ROSENMÜLLER tooth from Tmavá skala cave (Slovak Republic) using strontium isotope analyses</b> Martina Ábelová .....	123
<b>A list of craniodental material of Pliocene ursids (genus <i>Ursus</i>) in the collection of Naturhistorisches Museum Basel</b> Jan Wagner .....	127
<b>High-resolution X-ray Computed Tomography applied to the study of some endocranial traits in cave and brown bears</b> Nuria García, Elena Santos, Juan Luis Arsuaga & José Miguel Carretero .....	141
<b>Cave bear metapodials from Divje babe I (Western Slovenia)</b> Borut Toškan.....	147
<b>Biostatistical investigation of long bones and metapodial bones of <i>Ursus spelaeus</i> and <i>Ursus deningeri</i></b> Kerstin Athen.....	159
<b>Tito Bustillo, a new <i>Ursus spelaeus</i> ROSENMÜLLER, 1794 cave assemblage in Asturias (Northern Spain)</b> Ana C. Pinto Llona, Aurora Grandal d'Anglade & Sara Robinson-Roxburgh .....	163

<b>O Rebolal: A new cave in Galicia (NW Spain) with recent cave bear remains: Preliminary report</b> Aurora Grandal-D'Anglade, Juan Ramón Vidal-Romaní, Marcos Vaqueiro-González & Eduardo Méndez .....	173
<b>New evidence from the bears of the Veneto region (Northern Italy) in the evolutionary picture of the Italian cave bears</b> Giuseppe Santi & Mario Rossi .....	179
<b>Cave bear open air site remains and den caves from the Upper Pleistocene of Central Bohemia (Czech Republic)</b> Cajus Diedrich .....	187
<b>Ice age spotted hyenas ?Hunting or only scavenging the cave bear <i>Ursus spelaeus</i> ROSENMÜLLER at the ice age spotted hyena open air den and prey deposit site Bad Wildungen-Biedensteg (Hessia, Germany)</b> Cajus Diedrich .....	193
<b>Hyena caves in Jordan</b> Stephan Kempe, Ahmad Al-Malabeh, Doris Döppes, Mahmoud Frehat, Horst-Volker Henschel & Wilfried Rosendahl .....	201
<b>The Baumann's cave at Rübeland/Harz, Germany, one of the caves noted in early science history for its cave bear and cave hyena bone deposits</b> Stephan Kempe .....	213
<b>Last glacial (OIS 4, OIS 3 and OIS 2) paleoenvironmental analysis for Western Lombardy (North Italy) cave bear sites</b> Fabio Bona.....	221
<b>First paleo-environmental considerations on the Pleistocene deposits of the Lower Cave of Covoli di Velo (Vr - Italy)</b> Fabio Bona, Roberto Zorzin, Massimo Accordini, Riccardo Mazzi, Roberto Gatto, Carla Alberta Accorsi, Marta Bandini Mazzanti, Giovanna Bosi, Giuliana Trevisan & Paola Torri .....	229
<b>Trace fossils from bears in caves of Germany and Austria</b> Wilfried Rosendahl & Doris Döppes.....	241
<b>Alpine cave bears and climate in Marine Isotope Stage 3</b> Markus Fiebig & Martina Pacher .....	251
<b>Human modifications on cave bear bones from the Gargas cave (Hautes-Pyrénées, France)</b> Carole Vercoûtère, Cristina San Juan-Foucher & Pascal Foucher .....	257
<b>Abri Castanet (Dordogne, France): An Aurignacian site with bear procurement. Bear exploitation in Paleolithic time</b> Dominique Armand.....	263
<b>Taphonomic results from Petrlaška cave, Eastern Serbia</b> Milica Mijatović.....	269
<b>Quaternary mammalian remains from the Kitseli Pothole (Alea, Nemea, Peloponnese)</b> Evangelia Tsoukala, Antonis Bartsiokas, Katerina Chatzopoulou & Georgios Lazaridis.....	273
<b>The Greek Late Neogene-Quaternary ursids in relation to palaeogeography and palaeoenvironment</b> Dimitris S. Kostopoulos & Katerina Vasileiadou.....	285
<b>Karl Meuli's "Griechische Opferbräuche" - Towards an Ethology of Religion</b> Ina Wunn .....	293
<b>The Yukagir Mammoth: Brief history, 14C dates, individual age, gender, size, physical and environmental conditions and storage</b> Dick Mol, Jeheskel (Hezy) Shoshani, Alexei Tikhonov, Bas Van Geel, Shin-Ichi Sano, Peter Lazarev, Gennady Boeskorov & Larry D. Agenbroad.....	299
<b>Index of the authors.....</b>	315
